

Test Essay

Luis Filipe Altoe – GTID: 234523459

faltoe3@gatech.edu

Introduction

This is Filipe's test PDF file for the anonymizer code. It include some basic test cases that Luis came up with. Altoe created this file for testing purposes; Filipe also published the anonymizer Python code. Besides, Luis wants to test cases where improper punctuation is used to make sure the anonymization is thorough. Why is this important? Altoe believes it will make the anonymizer stronger.
