

### Test Essay 3

#### Denise Grace Kutnick

Denise Kutnick wants to test whether a fully capitalized version of her name (such as DENISE GRACE KUTNICK) gets anonymized correctly. She also wants to test whether a fully lowercase version of her name (such as denise grace kutnick) gets anonymized correctly. Additionally, she wants to test whether a partially capitalized version of her name (such as dEnISE grAcE KUTnIcK) gets anonymized correctly.

A potential addition to the anonymizer script would be to anonymize any initials that fall in between first and last names (i.e. D. Kutnick, D. G. Kutnick, Denise G. Kutnick, Denise K., etc.)
